## Memorandum

**To:** Joel Szabat  
Chairman, Audit and Finance Committee,  
Amtrak Board of Directors

Tracie A. Winbigler  
Executive Vice President, Business Transformation  
and Chief Financial Officer

**From:** Kevin H. Winters *K. H. Winters*  
Inspector General

**Date:** June 13, 2025

**Subject:** *Financial Management: Quality Control Review of Amtrak's Single Audit for Fiscal Year 2024 (OIG-A-2025-006)*

Amtrak (the company) contracted with the independent public accounting firm of Ernst & Young LLP to audit its consolidated financial statements as of and for the fiscal year then ended, September 30, 2024, and to provide a report on internal control over financial reporting and compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters, which they issued on December 12, 2024.<sup>1</sup> Because the company receives federal financial assistance, it must obtain an audit performed in accordance with U.S. generally accepted government auditing standards.

The contract also required Ernst & Young to perform a Single Audit of the company's federal financial assistance for the fiscal year ended September 30, 2024, in accordance with the audit requirements of 2 C.F.R. 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The objective of the Single Audit was to test internal control over compliance with major federal program award requirements and determine whether the company complied with the laws, regulations, and provisions of contracts or grant agreements that may have a direct and material effect on its major federal programs.

for Fiscal Year 2024**  
OIG-A-2025-006, June 13, 2025

Major federal programs are those with the larger and higher-risk expenditures, as determined using the Uniform Guidance. In fiscal year 2024, Ernst & Young identified three such programs: the Department of Transportation's (DOT) Railroad Development Program, DOT's Railroad Rehabilitation and Improvement Financing Loan Program, and the Department of Homeland Security's (DHS) Rail and Transit Security Grant Program.

On June 6, 2025, Ernst & Young issued an unmodified compliance opinion on the major federal programs it reviewed, concluding that "Amtrak complied, in all material respects, with the compliance requirements . . . that could have a direct and material effect on its major federal programs" for the period covered by its report.<sup>2</sup> Ernst & Young identified, however, three significant deficiencies<sup>3</sup> in the company's internal control over compliance, related to the following:

- preparation of the Schedule of Expenditures of Federal Awards for multiple programs
- review of compliance matrices and narratives for the DOT Railroad Development and DHS Rail and Transit Security Grant programs
- documentation of costs for the DHS Rail and Transit Security Grant Program

Ernst & Young also identified other deficiencies in internal control over compliance that it determined did not rise to the level of a significant deficiency, which it communicated to the company on June 5, 2025.

As required by the Inspector General Act of 1978, we monitored the audit activities of Ernst & Young to help ensure audit quality and compliance with auditing standards. Our review disclosed no instances in which Ernst & Young did not comply, in all material respects, with U.S. generally accepted government auditing standards and Uniform Guidance requirements.

<sup>2</sup> Ernst & Young LLP, Fiscal Year 2024, *Report of Independent Auditors on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance*, dated June 6, 2025.

<sup>3</sup> American Institute of Certified Public Accountants (AICPA) defines a *significant deficiency in internal control over compliance* as "a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance." See: *AICPA Audit Guide: Government Auditing Standards and Single Audits*, April 1, 2024.

OIG-A-2025-006, June 13, 2025

We monitored Ernst & Young's audit activities by attending key meetings and reviewing its reports, audit plans, detailed audit testing results, summary workpapers, audit quality controls, auditor independence, and qualifications.

Our monitoring activities, as differentiated from an audit in accordance with U.S. generally accepted government auditing standards, were not intended to enable us to express an audit opinion. Therefore, we do not express an opinion on compliance for the major programs, conclusions about the effectiveness of internal control over compliance, or whether the Schedule of Expenditures of Federal Awards is fairly stated. Ernst & Young is responsible for its report dated June 6, 2025, and the conclusions expressed in the report.
