

EMPLOYEE RESIGNS FOLLOWING OIG INVESTIGATION

Activity Date: September 14, 2021

Date Posted: September 20, 2021

Case Number: IL-21-0451-O

Web Summary: OIG-WS-2021-354

An Amtrak Sheetmetal Worker Mechanic based in Beech Grove, Indiana, resigned from the company on September 14, 2021, following the release of our investigative report. Our investigation found that the former employee violated company policies by engaging in self-employment that interfered with his job duties and responsibilities. On some occasions, he used a personal leave of absence and leave granted under the Americans with Disabilities Act to operate his lawn care service.
