Whether flying for business, vacation, or family reasons, travelers can benefit from several convenient check-in options. LATAM allows passengers to check in online through their website or mobile app, starting 48 hours before international flights and 72 hours before domestic ones. Online check-in is ideal for saving time at the airport, letting travelers choose seats, add baggage, and access their boarding passes digitally. For those unfamiliar with the process or needing assistance, LATAM provides dedicated customer service through its check-in support number +1-866-551-1186.
