Customer Reviews – Manhattan's Trusted Plumbing Experts

"Our water heater broke at midnight and they were the only company that answered the phone. By 1 AM, a plumber was at our door. Lifesavers!"

– Jenna P., East Village

"I had a flooded basement. Their **sump pump repair** guy was here within the hour. Fixed and dried in no time. Highly recommend!"

– Thomas B., Harlem

"I Googled '**how to unclog drain**', and found this team. They used hydro jetting to clean out years of buildup. Pipes are like new."

– Maria K., Upper West Side

Plumbing Tips & FAQs

What To Do When a Pipe Bursts?

1. Shut off your main water valve.
2. Turn off electrical power if flooding.
3. Call an **emergency plumber available now at 1-844-366-4725**.

Why is My Toilet Always Running?

You likely have a faulty flapper or fill valve. If DIY fixes don't work, we offer fast **toilet repair services**.

Why Is My Water Pressure So Low?

Could be buildup in the pipes or a leak. Call us for a **low water pressure fix**.

Do You Install Kitchen or Bathroom Fixtures?

Yes! We **install new sinks, toilets, and water heaters** — even hook up your stove's **gas line**.

Final Thoughts: Don't Wait — Call a Manhattan Plumber Now!

Plumbing problems can escalate quickly — **don't delay**. Our **Manhattan emergency plumbers** are ready to help, whether it's a **burst pipe**, a **sewer backup**, or a **leaking faucet**. We're local, fast, reliable, and always available.
