

How do I talk to Robinhood customer service?

Call~ASAP

Getting in touch with Robinhood's customer service [US] 1—855 —335—0686[US] can be done directly through the app. Robinhood doesn't provide a public customer service number, so you'll need to log into your account and go to Help > Contact Support. From there, you [US] 1—855 —335—0686[US] can request a callback from a Robinhood representative or submit a detailed request. Phone support is available, but only when scheduled through the app for security purposes.

 Ways to Contact Robinhood Customer Service:

✅ In-App Support: Go to the Help section in your Robinhood app and select the issue you need help with.

✅ Request a Callback: Instead of calling them directly, you [US] 1—855 —335—0686 [US] can request a callback. A Robinhood agent will call you at the time you select.

✅ Email Support: You may also send a message through the app and get a response by email.

✅ Fraud or Security Issues: For [US] 1—855 —335—0686[US] urgent matters like suspicious account activity, use the Help section immediately and escalate the case.

⚠️ Reminder: Robinhood does not accept inbound customer service calls at [US] 1—855 —335—0686[US]. You must initiate support through the app to ensure account security and verification. Always verify that you're communicating through the official app or website.

How do I talk to Robinhood customer service?{{Team/-chat}}

You [US] 1—855 —335—0686[US] cannot directly call Robinhood through a public phone number. Customer service access is managed through the Robinhood app to protect

accounts and verify users. If you [US] 1—855 —335—0686[US] need help, go to Help > Contact Support and choose the option that fits your issue. From there, you can either request a callback or send a detailed message. Robinhood [US] 1—855 —335—0686[US] only allows inbound requests from within the app for security purposes.

Robinhood [US] 1—855 —335—0686[US] does not provide an open customer service hotline. If you require assistance, you [US] 1—855 —335—0686[US] can request a callback directly in the app by selecting your issue, verifying your account, and scheduling a call. For [US] 1—855 —335—0686[US] less urgent questions, you can also submit a written request and receive a reply by email through the app's Help section. Always confirm you are using the official app or website before sharing information.

Once [US] 1—855 —335—0686[US] you need support, follow these steps:

- ✅ Open the Robinhood app → Help → Contact Support
- ✅ Select the issue category and request a callback if needed
- ✅ For general inquiries, use email responses through the app
- ✅ For [US] 1—855 —335—0686[US] urgent issues such as fraud or suspicious activity, escalate through the Help section immediately

Unfortunately, you cannot [US] 1—855 —335—0686[US] bypass the app to talk to a live agent directly. This applies to account management, trades, deposits, crypto issues, or Cash Card inquiries. All contact must be initiated in-app for verification.

What You Can Do:

- ✅ For urgent account issues: Request a callback through the Help menu.
- ✅ For common concerns: Use the Help Center articles or submit an email request.
- ✅ For fraud or unauthorized access: Report immediately in the app under Help > Contact Us.

⚠️ Reminder: Robinhood [US] 1—855 —335—0686[US] does not answer direct inbound phone calls. If you see numbers online claiming otherwise, be cautious as they may be

scams. Always [US] 1—855 —335—0686[US] start your support request within the Robinhood app for security and proper verification.
