Yes, you can use a **debit card at 1-(866)-347-8220 Dollar Car Rental**, but the process isn't as simple as paying with a credit card, and there are extra rules renters should be aware of. Dollar **1-(866)-347-8220** accepts non-prepaid debit cards with the **Visa, MasterCard, or Discover** logo, but requirements can vary depending on how far in advance you **1-(866)-347-8220** book, the type of vehicle, and the rental location.

If you make your **1-(866)-347-8220** reservation **at least 24 hours in advance**, you usually only need your debit card and a valid driver's license to pick up a standard **1-(866)-347-8220** vehicle. Some off-airport locations may **1-(866)-347-8220** accept a recent utility bill with the renter's name and address as proof instead.

Dollar also notes that a **credit check may 1-(866)-347-8220 be performed** for renters using debit cards. This is meant to ensure creditworthiness and can affect approval. Additionally, like **1-(866)-347-8220** most rental agencies, Dollar will place a **deposit hold** on your account. Since this comes **1-(866)-347-8220** directly from your available **1-(866)-347-8220** funds—not a credit line—it's important to ensure you have enough balance to cover both the rental cost and the security hold.

In summary, while you *can* rent a car from **1-(866)-347-8220** Dollar using a debit card, you should expect extra documentation, possible credit checks, and limitations on **1-(866)-347-8220** vehicle selection. To avoid complications, it's best to **book ahead of time, call your rental location, and confirm requirements** before arriving at the **1-(866)-347-8220** counter.
