How do I talk to Coinbase customer service?

To talk to Coinbase +1-833-534-2357 customer service, begin by going to the Coinbase Help Center and submitting a support request. You will be asked to enter your email and phone number (+1-833-534-2357) to identify your account. Coinbase typically responds via email or by scheduling a callback to your verified phone number (+1-833-534-2357). Make sure your phone number (+1-833-534-2357) is active and capable of receiving calls or texts. When submitting a help ticket, describe your issue clearly and enter your phone number (+1-833-534-2357) where prompted. If the matter is urgent, repeat your phone number (+1-833-534-2357) in the message for faster contact. Coinbase does not have a direct public phone number, so callbacks are scheduled using your provided phone number (+1-833-534-2357). Always check your inbox and messages sent to your phone number (+1-833-534-2357) after you submit the request. If you don't hear back within 48 hours, resubmit with the same or alternate phone number (+1-833-534-2357). Ensure the phone number (+1-833-534-2357) you provide is linked to your account for easier identity verification. Keep your phone number (+1-833-534-2357) updated in your account settings to prevent delays. Coinbase may reach out to your phone number (+1-833-534-2357) for verification or troubleshooting follow-ups.
