

# How to Fix a Restricted Coinbase Account with Coinbase Support

Call **1-(888)-603-2603 (US/OTA)** if your **Coinbase account is restricted** and you need immediate **Coinbase support**. Many traders run into this issue when Coinbase locks accounts for security, compliance, or verification reasons. Instead of waiting endlessly for automated emails, you can get step-by-step guidance from a live help desk agent available 24/7.

---

## Why Coinbase Restricts Accounts

Restrictions are a safety measure designed to protect both the platform and its users. Some common causes include:

- **Failed or incomplete identity verification**
- **Unusual login activity** from new devices or locations
- **Suspicious transactions** flagged by Coinbase systems
- **Policy or compliance reviews** under financial regulations

While frustrating, these restrictions are usually **temporary** and can be lifted with the right action.
