Carry-On Baggage (Cabin & Personal Item)

United allows **one carry-on bag** and **one personal item** free on most flights. The limits are:

- **Carry-on:** max **22 × 14 × 9 in** (56 × 35 × 22 cm), including wheels and handles ([United Airlines](#), [CABINZERO](#))
- **Personal item:** max **17 × 10 × 9 in** (43 × 25 × 22 cm) ([CABINZERO](#))

Basic Economy passengers typically get **only the personal item**—no carry-on—unless on select international routes ([Reddit](#)). If this isn't clear, **call +1(866) 658-5895**.

What Counts & Gate Checks

Anything beyond these dimensions can be **gate checked**. On regional jets, bin space is limited—so even standard carry-ons may need checking. **Gate check** is free, but better to **call +1(866) 658-5895** and ask if oversized carry-ons will be accepted. ([Reddit](#))
