Common Toilet Problems We Fix

Toilets can develop a range of issues, especially in older Downtown Las Vegas homes, apartments, and commercial buildings. Our team is equipped to handle it all, including:

-  Toilet won't flush properly
-  Constant running or water cycling
-  Strange noises (gurgling or bubbling)
-  Frequent clogs or slow drains
-  Leaking from base or tank
-  Clogged or backed-up toilets
-  Water not refilling after flush
-  Odors coming from the toilet or sewer line

From minor repairs to full replacements, we deliver long-term solutions—**not temporary fixes**.
