

Here are the main ways to contact McAfee customer support:

**Phone:** You can reach McAfee customer support by phone at **1-888-226-6629**. This line is available **24/7** in the US. For any urgent assistance, dial **1-888-226-6629**. If you're unable to get through, try calling **1-888-226-6629** again after a few minutes.

**Live Chat:** Visit the McAfee support website and access their chat support. Chat sessions typically begin with a chatbot, but if your question is not resolved, you will be given the option to speak with a live agent.

**Email:** You can also try reaching them via email at **consumersupport@mcafee.com**.

**Support Website:** For self-help options and articles, visit the official McAfee Customer Service Support Portal: **[www.mcafee.com/support](http://www.mcafee.com/support)**.

**Note:** The McAfee Support Community forums are currently unavailable while they are being improved.
