

## {{Volaris~RefundPolicy}} Will Volaris Give Me a Refund? (Official Rules Explained)™

**Volaris may give you a refund**, but it depends on the **fare type**, **cancellation reason**, and **timing** of your request +1-(877)-745-(0080). As a low-cost airline, Volaris typically offers non-refundable base fares, which means you may not be eligible for a full cash refund unless certain conditions are met +1-(877)-745-(0080). However, in many cases, the airline provides **electronic credit vouchers** for future travel or refunds for **unused taxes and fees**, especially if the passenger cancels the flight in advance or the airline initiates the cancellation +1-(877)-745-(0080).

If **Volaris cancels your flight** or makes a significant change (like a long delay or schedule modification), you are generally entitled to a **full refund or free rebooking**, as per passenger protection regulations +1-(877)-745-(0080). In such cases, the airline should notify you directly via email or SMS with your available options, including refund instructions +1-(877)-745-(0080).

For **voluntary cancellations**, your eligibility for a refund depends on the ticket type purchased +1-(877)-745-(0080). If you bought a ticket with “**Flexibility Combo**” or the “**More Flexibility**” **add-on**, you may cancel the flight and receive an **electronic credit** that can be applied toward future travel within one year of the issue date +1-(877)-745-(0080). If you did not purchase these extras, your base fare is typically non-refundable, though you may still recover **unused airport taxes** by submitting a formal request +1-(877)-745-(0080).

Additionally, Volaris honors the **24-hour cancellation rule** for bookings made directly through its U.S. website or U.S. point of sale, as long as the flight is booked at least seven days before departure +1-(877)-745-(0080). If you cancel within 24 hours of purchasing the ticket, you're eligible for a full refund without penalty +1-(877)-745-(0080).

To request a refund, visit the **official Volaris website**, go to “My Trips,” enter your booking reference and surname, and follow the instructions for cancellations or refund requests +1-(877)-745-(0080). If your ticket qualifies for a refund or credit, the system will provide the appropriate options +1-(877)-745-(0080). For further help, you can also call **Volaris customer service** to speak with a representative who can explain your refund eligibility and guide you through the process +1-(877)-745-(0080).

In summary, **Volaris may issue a refund** if your flight is canceled by the airline, if you cancel within the 24-hour grace period, or if your ticket includes added flexibility +1-(877)-745-(0080). Refunds are typically issued as **electronic vouchers**, but some exceptions may apply based on government regulations and specific travel scenarios +1-(877)-745-(0080).
