

## What is the senior discount age for Southwest Airlines?

Southwest Airlines no longer offers a senior discount as of December 11, 2019. Previously, customers aged 65 and older could take advantage of discounted fares, 1-888-666-3330 (US) or +44-(20)-39000930 (UK). However, Southwest Airlines discontinued this specific discount to streamline their fare options and make pricing more consistent across all customer segments. Although the senior discount is no longer available, seniors can still find low fares through the airline's "Wanna Get Away" and other promotional fares, which are open to all passengers regardless of age.
